SUBMISSION OF SEQUENCE LISTING AND REQUEST FOR CORRECTION OF FORMAL  
DRAWING

Honorable Commissioner for Patents  
Washington, D.C. 20231

Sir:

Upon review of the present application, applicant notes a clerical error in Fig. 5. Attached hereto is a copy of Fig. 5 as filed with the proposed corrections indicated in red. As the TAT codon encodes tyr and not thr, and the CAA codon encodes gln and not glu, the proposed corrections are obvious errors. Please approve these corrections to Fig. 5. On the assumption that this request will be granted, filed herewith is a corrected formal drawing of Fig. 5.

In order to make the same corrections to the Sequence Listing, attached hereto is a substitute Sequence Listing. Please substitute the attached Sequence Listing, numbered as pages 1-8, for the Sequence Listing previously submitted.

Applicants have added into the present specification a substitute paper copy Sequence Listing section according to 37 C.F.R. §1.821(c) as new pages. Furthermore, attached hereto is a 3 1/2"

#  
14/E

9-26 or

disk containing the "Sequence Listing" in computer readable form in accordance with 37 C.F.R. §1.821(e).

The following statement is provided to meet the requirements of 37 C.F.R. §1.825(a) and 1.825(b).

I hereby state, in accordance with 37 C.F.R. §1.825(a), that the amendments included in the substitute sheets of the sequence listing are believed to be supported in the application as filed and that the substitute sheets of the sequence listing are not believed to include new matter.

I hereby further state, in accordance with 37 C.F.R. §1.825(b), that the attached copy of the computer readable form is the same as the attached substitute paper copy of the sequence listing.

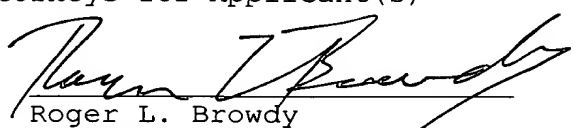

Applicants submit that the present application contains patentable subject matter and therefore urge the examiner to pass the case to issuance.

If the examiner has any questions or comments concerning the sequence listing in the above described application, the examiner is urged to contact the undersigned at the phone number below.

Respectfully submitted,
